Juba, January 20, 2024 - Angelo Mangar Maker, the distinguished Executive Director and Founder of Abukloi Foundation, touched down in Juba today after an extensive journey from the United States via Addis Ababa. Welcomed with enthusiasm by the Abukloi Foundation staff at Juba International Airport, Maker proceeded to the Royal Hotel, where he will be accommodated for the next three days. This arrival is anticipated to infuse fresh vigor into Abukloi Foundation's ongoing initiatives, and the presence of Maker in Juba serves as a pivotal moment for the organization. His visit signifies a commitment to furthering the foundation's mission and fostering impactful collaborations within the community.

## Abukloi Foundation Unveils Decade-Long Blueprint for Transformative Change.

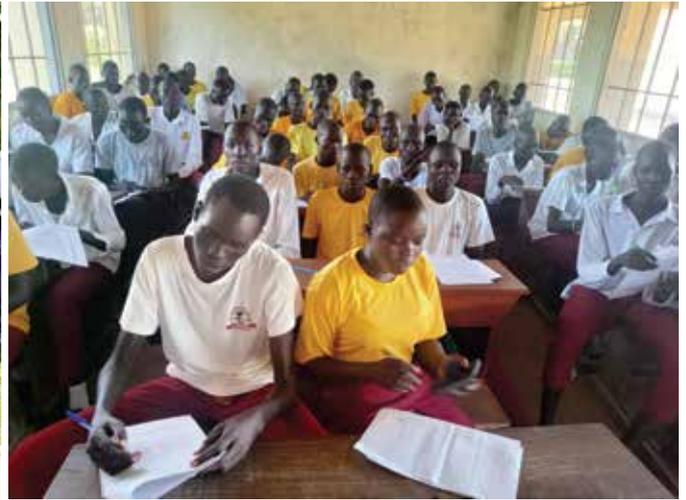

.....

In a groundbreaking move, Abukloi Foundation has revealed its ambitious 10-year strategic plan, outlining a comprehensive roadmap to drive positive change in key areas. This visionary initiative focuses on six crucial goals that aim to uplift communities and create a lasting impact.

- 1. Quality Education:** The foundation is committed to revolutionizing education, ensuring access to quality learning environments and resources for all, with a particular focus on underserved communities.
- 2. Food Security:** Tackling hunger and malnutrition head-on, Abukloi Foundation plans to implement initiatives that enhance agricultural practices and promote sustainable food sources.
- 3. Healthcare:** Aiming to improve overall community well-being, the foundation will work towards advancing healthcare services, making them more accessible and affordable.
- 4. Business and Microfinance:** Empowering local economies takes center stage, with plans to support small businesses and entrepreneurs through microfinance initiatives, fostering economic growth from the ground up.
- 5. Students Sponsorship:** Abukloi Foundation is dedicated to supporting individuals in need through sponsorship programs, providing essential financial assistance for education, healthcare, and more.
- 6. Technical and Vocational Training:** Recognizing the importance of practical skills, the foundation will invest in technical and vocational training programs, equipping individuals with the tools for sustainable employment.

This strategic plan is a testament to Abukloi Foundation's commitment to creating positive and sustainable change. By fostering collaboration and community engagement, the foundation seeks to maximize the impact of its initiatives, forging a path towards a brighter future for the communities it serves. Stay tuned as Abukloi Foundation embarks on this transformative journey over the next decade, striving to make a meaningful difference in the lives of many.

## Abukloi Secondary School Launches Academic Year 2024 with Anticipation and Increased Enrollment.

Rumbek, Lakes State, January 22, 2024 - Abukloi Secondary School in Lakes State, Rumbek, officially commenced the new academic year on January 22, 2024. Mr. Joseph Mangar, the Director of Studies, announced that continuing students will promptly receive their report cards, with a total of 351 students promoted from Senior 1, Senior 2, and Senior 3.

The registration process for Senior 2, Senior 3, and Senior 4 begins immediately after students receive their report cards. Additionally, registration for Senior 1 students will commence as soon as the primary eight results are announced by the National Ministry of Education.

In terms of vacancies, Abukloi Secondary School is offering 300 slots for Form 1 students. Mr. Joseph expressed the school's ambition to enroll a total of 700 students this year, reflecting a growth from the 667 enrolled in the previous academic year of 2023. The school is poised for a dynamic and promising educational journey in the coming months

## Abukloi Secondary School Staff Showcase Dedication to Agriculture Through Farm Demarcation.

In a display of dedication to agricultural pursuits, teachers and non-teaching staff at Abukloi Secondary School have come together to work on demarcating plots at the school's vegetable farm. The collaborative effort reflects a commitment to fostering practical knowledge and skills among both students and staff.

The initiative, aimed at efficiently organizing the farm for optimal productivity, saw the entire school team actively engaged in delineating plots for various crops. Despite the challenges posed by weather conditions and the demanding nature of the task, participants expressed gratitude for the opportunity to contribute to the school's agricultural endeavors.

Reflecting on the importance of agriculture, one staff member remarked, "Agriculture is our wisest pursuit, because it will in the end contribute most to real health and wealth, good morals & happiness." This sentiment underscores the school's holistic approach to education, emphasizing the significance of agricultural practices in promoting overall well-being and prosperity. The collaborative effort not only enhances the school's agricultural infrastructure but also fosters a sense of community among staff members. By working together towards a common goal, the team at Abukloi Secondary School exemplifies the spirit of cooperation and dedication essential for success in both education and agriculture. The administration extends its appreciation to all participants for their hard work and commitment to advancing agricultural initiatives within the school community. As the demarcation project progresses, it is anticipated that the farm will serve as a valuable resource for practical learning and sustainable agricultural practices for years to come.

## Abukloi Foundation Receives Generous Allocation of 1,000 Fedans Farm Land from Wulu County Community.

In a significant stride towards bolstering food security and nutrition for students and staff alike, the Abukloi Foundation has been bestowed with a substantial allocation of 1,000 Fedans of farm land by the generous community of Wulu County. This commendable initiative aims to cultivate crops to provide sustenance for the students attending Abukloi Secondary School, ensuring access to nutritious meals while contributing to overall food security in the region. The foundation expressed profound gratitude for this generous gesture, emphasizing its commitment to utilizing the land effectively to meet the nutritional needs of the school community. The collaborative effort between the foundation and the Wulu County community underscores the importance of community engagement in addressing critical issues such as food security and education. Although, the community generously allocated this massive farm land, they have registered a dire need for water source provision. The entire village have no access to water. They move a distance of 5 miles to another village in search for water.
